

DRESS CODE THE CLUB AT SONTERRA

The Club At Sonterra has adopted a dress code that adapts to today's more casual living and is consistent with the expectations of a fine country club. It is the responsibility of each member to be aware of the Dress Code and to inform his/her family and guests prior to their arrival at the club. This includes all outside rentals, tournaments and other special events. Staff shall have the sole authority to determine if dress complies with the Dress Code. Should a Dress Code violation occur, staff will politely inform the member of the violation and **NOT** admit the party to the club without remedying the violation. Subsequent violations will be reported to the Policy Committee and may result in disciplinary action of a member.

Themed events will be exempt at the discretion of Sonterra Management or the Board. Management will provide all event sponsors with the Dress Code and will direct sponsors to inform their guests and participants. Event sponsors will be held responsible for infractions of the dress code by their guests. Repeated violations may result in disciplinary action for the member.
